

Automated Single Stream Recycling

Marshfield Residents Welcome Kit

Dear Marshfield Residents,

Beginning on August 3, 2015 the Town of Marshfield along with Republic Services will begin providing a new and improved recycling program for Subscribers for Town services.

This Flyer Includes Information on:

- Recycling
- Tips for Best Service
- Frequently Asked Questions

Carts are property of the Town of Marshfield DPW and must stay at the delivered destination. Each cart includes a serial number to identify owners and location.

You will receive a 65 gallon wheeled cart for automated single stream recycling, in which you may place all of your recycling materials. Your recycling container should be placed at curbside by 7 AM every week on the same day as your trash pick- up.

SORTING RECYCLABLES IS NO LONGER NECESSARY.

We are providing you with the comprehensive recycling guide in order to help you properly prepare recyclables and maximize the amount of recycle. The chart also outlines items which cannot be placed in your recycling cart.

Tips for the Best Service

- Make sure all materials fit inside your cart with the lid closed. Don't place any recyclables outside of the cart.
- Use the handle provided to move the carts.
- Tilt the cart on its wheels to roll it.
- Remove your cart as soon as possible after collection to maintain the appearance of your neighborhood.

Schedule

Cart Delivery

The new carts are being distributed starting on or about the week of July 20, 2015 and continuing into the week of July 27th. Please do not use the new cart to set out materials for collection prior to August 3rd.

- Juice boxes
- Flavored milk boxes
- Cream and creamer containers

Milk cartons, drink boxes items **not acceptable** include:

- Ice cream boxes
- TV dinner containers
- Margarine boxes
- Cream cheese boxes

Container preparation

- Remove all plastic bags.
- Remove any non-acceptable items.
- Flatten containers whenever possible.
- All containers (jars, bottles, cartons, etc.) must be rinsed and free of all contaminants.
- Corrugated cardboard should be broken down so it fits inside the container without jamming, so the cart will empty completely.

Frequently Asked Questions

Please **Do Not** Take the Container with you When you Move

Q. What about street parking on collection Day?

A. Remember that the automated collection requires that the cart be accessible to the collection vehicle, so any cars you park at the curb should be at least 5' from the cart.

Q. What is the policy for damaged barrels?

A. If the damage is the result of normal wear and tear (example broken lid or wheel) it will be repaired or replaced at no charge to Subscribers. Other damages to the cart will be elevated.

Q. I live on a dead end street with "cul-de-sac" and the trucks can't safely turn around?

A. The truck will back down street and the carts from each household should be placed on the right side traveling out.

Q. How do I identify the cart that go to my residence?

A. Each cart has numbers on it that identify the cart with the address of the house.

Q. Can I recycle shredded paper?

A. Shredded paper may be recycled, it must be placed in a brown paper bag prior to being placed in the cart.

Q. Is there a charge for carts?

A. First cart distribution is being provided at no cost to residents. This does not include additional cart

Q. How will I get the cart?

A. Your barrel will be delivered to you and left in front of your house at curbside. You should remove the barrel from curbside when you receive it and make a note of your barrel number in a safe place.

Tired of forgetting the trash, recycling and other pickups?

Yup, us too. That's why we created Remyndr

Now all you have to do is download our free APP, enter your address and wait for the notifications.
